Acta Hydrobiologica

Contents of Volume 4 (1962)

Tadeusz BACKIEL

Determination of time of annulus formation on fish scales.

Acta Hydrobiol., 4, 393-411.

Author's address: Zakład Gospodarki Rzeczej, Instytut Rybactwa Śródlądowego, Warszawa, Poland.

Krzysztof BIENIARZ¹ and Ryszard SKRZYSZOWSKI²

Dactylogyrosis bei der Karpfenbrut.

Acta Hydrobiol., 4, 385-391.

[in Polish with German summary]

Authors' addresses:

¹ Katedra Rybactwa, Wyższa Szkoła Rolnicza, Kraków, Poland

² Państwowe Gospodarstwo Rybackie, Adolfin, Poland.

Maria BOMBÓWNA, Lucja KRZECZKOWSKA and Maria KLIMCZYK

Chemische Faktoren, Phyto- und Zooplankton verschieden gedüngter Karpfenvorstreck- und Streckteiche.

Acta Hydrobiol., 4, 345-384.

Authors' address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Maria BOMBÓWNA

Sedimentieren von Sinkstoffen im Staubecken-Goczalkowice.

Acta Hydrobiol., 4, 69-118.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Janina ĆWIERTNIA

Overgrowth of the dam reservoir in Goczalkowice over the 5 years following the damming.

Acta Hydrobiol., 4, 301-320.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, Hydrobiological Station, Goczalkowice, Poland.

Bazyli CZECZUGA

An attempt at establishing the production and numerical relations of bacterioplankton biomass.

Acta Hydrobiol., 4, 1-20.

Author's address: Zakład Biologii, Akademia Medyczna, ul. Kilińskiego 1, Białystok, Poland.

Anna LUCHTEROWA

Bacterial association of the Wielka Puszcza stream.

Acta Hydrobiol., 4, 21-28.

Author's address: Zakład Ochrony Przyrody, Polska Akademia Nauk, Kraków, Poland.

Kazimierz PASTERNAK

Geological and pedological characteristic of the upper basin of Vistula river.

Acta Hydrobiol., 4, 277-299.

[in Polish with English summary]

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Constantin A. PICOS and Jules V. GUSIC

Contribution a l'étude de la coagulation du sang de la carpe.

Acta Hydrobiol., 4, 413-420.

Authors' address: Faculté de Science Naturelles, Université "C.I. Parhon", Bucarest, Romania.

Stanisław SAKOWICZ

The course of spawning of trout (*Salmo trutta m. lacustris* L.) from Wdzydze lake in 1960.

Acta Hydrobiol., 4, 39-45.

Author's address: Instytut Rybactwa Śródlądowego, Olsztyn-Kortowo, Poland.

Jadwiga SIEMIŃSKA

The red-alga *Phragmonema sordidum* in the Sibyl Cave nearby Naples.

Acta Hydrobiol., 4, 225-227.

Author's address: Instytut Botaniki, Polska Akademia Nauk, Kraków, Poland.

Stanisław SKÓRA

Die Karpfkarausche und ihre Zucht in Teichen.

Acta Hydrobiol., 4, 245-266.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Włodzimierz SOLEWSKI

Die Bachforelle (*Salmo trutta m. fario* L.) des Pršdnik-Baches.

Acta Hydrobiol., 4, 267-275.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Włodzimierz SOLEWSKI

Die Bachforelle (*Salmo trutta morpha fario* L.) im Flussgebiet des oberen San.

Acta Hydrobiol., 4, 47-57.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Ryszard SOWA

Material for the study of Ephemeroptera and Plecoptera in Poland.

Acta Hydrobiol., 4, 205-224.

[in Polish with English summary]

Author's address: Zakład Hydrobiologii, Uniwersytet Jagielloński, Kraków, Poland.

Janusz STARMACH

Koppen in den Karpatenflüssen. 1. Vermehrung, embryonale und larvale Entwicklung bei *Cottus poecilopus* Heckel.

Acta Hydrobiol., 4, 321-343.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Karol STARMACH

New and rare blue-green algae in the plankton of a fish pond.

Acta Hydrobiol., 4, 229-244.

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.

Jan SZUMIEC

Animals living on mowed vegetation in ponds.

Acta Hydrobiol., 4, 119-149.

[in Polish with English summary]

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, Experimental Farms Complex, Ochaby, Poland.

Danuta WALUGA

Enzootion of focal colliquative necrosis in *Abramis brama* (L.).

Acta Hydrobiol., 4, 29-38.

Author's address: Zakład Chorób Ryb, Wyższa Szkoła Rolnicza, Olsztyn-Kortowo, Poland.

Kazimierz WASYLIK

Transparent envelopes on desmid cells.

Acta Hydrobiol., 4, 59-68.

Author's address: Katedra Hydrobiologii, Uniwersytet Jagielloński, Kraków, Poland.

Stanisław WRÓBEL

Einfluss der Stickstoff-Phosphordüngung auf die chemische Zusammensetzung des Wassers, auf die Primärproduktion des Phytoplanktons und auf den Fischzuwachs in Teichen.

Acta Hydrobiol., 4, 151-204.

[in Polish with German summary]

Author's address: Polish Academy of Sciences, Laboratory of Water Biology, ul. Sławkowska 17, Kraków, Poland.
